Pat Pauly: Glorious Prints (Five Day Class)

QSDS 2019

www.patpauly.com

patpaulyart@gmail.com

Material Fee: There will be a materials fee for dye and print paste for the class. Estimate \$50 per person.

Optional: Optional silk screen 16" x 20" \$30 from Pat Pauly or order from Dick Blick

<http://www.dickblick.com/products/blick-cord-stretched-frame-with-110-monofilament-polyester-mesh/>)

Materials List: Questions? Contact patpaulyart@gmail.com (put your name on everything if you can)

- Old clothes to wear, apron, rubber gloves
- Dust mask
- 2 Table sized pieces of plastic
- Bucket (at least one, two better), 1 – 2 Sponges
- Old towels, cut apart to hand-towel size
- Small foam paint roller, large paint roller
- 1 – 2 Squeegees (like a window squeegee), or 1 – 2 plastic putty knives 2" – 4", My favorite is the flesh colored applicators (like squeegees) for Bondo brand body filler (see Home Depot or Lowes)
- About 8 spatulas, or spoons – something to stir the dye with
- Roll of blue masking tape, optional Roll Duct tape for taping silkscreens
- Two sharpie markers, medium point
- 2 – 4 Brushes, like foam 2"-4", optional 2 – 4 cheap hair paintbrushes
- Optional: wallpaper brush (wide, course hair brush for applying wallpaper)
- 6-10 Yogurt or plastic food containers with lids (quart size is best), but half quart is fine, too.
- 1 – 2 squirt bottles (like ketchup bottle)
- Scissors to cut sponges and cloth
- Notebook, pencil/pen; camera, phone camera, or something to remember processes!

Things for stamping and printing: Stencils, cutouts, lace, sticks, skewers, chopsticks, machine gears or washers, plastic things like bottle caps or coasters, pool noodle. Don't buy anything, just look for objects that are slightly raised surface. One of my favorites is plastic place mats!

Silk screen (1-2) 16" x 20" (order from Dick Blick <http://www.dickblick.com/products/blick-cord-stretched-frame-with-110-monofilament-polyester-mesh/>) or purchase \$30 from Pat Pauly

Fabric: 10 yards minimum, cut in ½ to 1 yard pieces (feel free to bring more like 10-20 yards) of Prepared for Dye (PFD) 100% cotton. I use Test Fabrics #419 or #400M. Call for prices and availability. (You can also use predyed fabrics, and commercial prints. Just make sure that they are 100% cotton and prewashed to remove the finishing materials added to the fabric, keeping in mind they may not take the dye well). May also soda soak ahead other cotton, linen, silk, lightweight canvas, predyed cottons for experimentation, but the bulk of our printing should be on PFD cotton.

Prepare ahead: Sew tags to your fabric with tyvek (old US mail envelopes, add in sharpie marker your *first name and last initial* before soda soaking. **Soda Soak** Make sure you have soda soaked and dried the material ahead of time. (soda soak formula: one scant gallon water to one cup sodium carbonate (soda ash), add fabric loosely to solution to soak 15 minutes, ring out, hang to dry, **do not dry in dryer.**
