

## Playing with Fabric Paints Supply List

Fabric: Either plain, previously dyed or printed or commercial fabrics. Amount determined by how fast you work – can be up to 5 yards. In addition, please bring 1 yard plain white fabric.

A variety of textured found objects for patterning such as: wire whisks, construction fence, mesh from clementine boxes, leaves, string, etc. Let your imagination run wild! Check out dollar stores and home improvement stores for ideas.

A palette – styrofoam plates or meat trays from the supermarket work great.

Brushes – foam brushes for painting, also an inexpensive 1" to 3" brush to dip in wax.

A small spray bottle.

A foam roller (e.g. a foam paint roller from the hardware store).

A few plastic spoons.

Scissors – for cutting paper.

A small cutting mat & xacto knife.

A sponge to cut into shapes.

Silkscreen – Any size that you already have. For an inexpensive alternative, Google how to make a screen from curtain sheers and an embroidery hoop.

Interesting metal or silicone objects for batiking. Check the kitchen section of the dollar store.

An inspirational photo. A digital photo is fine – it does not need to be printed.

A wood or acrylic block, approximately 4"x4" to 8"x8" to make a stamp. This needs to be at least 1/8" thick but can be thicker.

A roll of inexpensive large size garbage bags to lay under your fabrics while they air dry. Plan according to how much fabric you are bringing. You could bring old newspapers as an alternative.

Bring gloves and wear old clothes. Bring an apron if desired. Bring a nail brush to clean fingernails.

There will be a \$40 supply fee to cover costs of paints & wax.

Optional:

Fabric paints you have at home

Brayer – \*highly recommended\*

Masking tape

Gelli Plate

Thermofaxes you may have

A small padded print table
