**2023 QSDS Independent Study (7 days)**

As an artist, you know best how you want to spend the week. Bring whatever you are working on, or whatever you need to start a new piece or series. That will include all the supplies and tools for your chosen techniques and media.

You may want to bring images that inspire you, as well as images of your own work, perhaps on your tablet or laptop. They may be helpful when we have our one-on-one consultations. Everyone will also benefit from daily group check-in sessions
