Beadify Your Universe
2024 QSDS June 1 & 2

Class description:

If you love beads and embellishments, this is the class for you! Becky brings the beads, embellishments and tools. We'll learn basic jewelry construction for earrings, bracelets and necklaces. Create one of Becky's signature Bodacious Bracelets in your favorite colors or hand stitch beads and embellishments onto sculptural 3-D felt objects. Learn how to make a beaded mixed-media Bodacious Ball Of Joy or a Cosmic Joy Mojonator, which is scientifically shown to keep joy particles resonating in your environment! The possibilities are endless!

There is a \$45 supply fee for this class.

This includes almost everything you could possibly want to make whatever your heart desires! I will have jewelry-making tools, supplies and findings as well as supplies for sewn beading projects and Mojonators. I will bring my Fabulous Gigantic Batches of Beads for you to discover just the right beads and embellishments for your projects.

Supply List:

Bring scissors and (if you have them) any jewelry-making tools such as pliers.
